From Monday February 13. to Thursday February 16. 1698.

THE Northern Circuit appointed for this Lent-Assizes, is as followeth.

Lord Chief Baron *Ward*.
Mr. Baron *Powys*.

York, Saturday *March* 11. at the Castle of *York*.
City of *York*, The same day at the *Guildhall* of the said City.
Lancaster, Monday *March* 27. at the Castle of *Lancaster*.

Rome, January 24. *N. S.* We have Advice, that Cardinal *Buon-Compagno* is returned to *Bologna* from *Modena*, having performed the Commission the Pope gave him to the Queen of the *Romans*, much to the satisfaction of this Court; His Train was very numerous and splendid, and he was very honourably receved there; the Duke of *Modena* himself met him 3 miles out of Town, and he made his Entry on Horseback, being under a Canopy borne by 4 Bishops. We hear, the Cardinal *Medicis* is likewise returned to *Florence*. The Cardinal of *Bouillon* had Audience of the Pope last week, and delivered to him a Letter from the Most Christian King, desiring the Business relating to the Arch-Bishop of *Cambray*'s Book may be decided as soon as possible, by reason the different Opinions concerning the said Book occasion great Disputes among the Clergy of *France*, which if they be not ended by the Pope's Authority, may prove the occasion of great Disorders: The Pope answered the same by a Brief which he delivered to the Cardinal of *Bouillon*, who has sent it to *France*, and the Congregation appointed to consider this Affair, have Orders to meet twice a week till it be finished. Cardinal *Giudici* has also had Audience of the Pope concerning the Affairs of *Spain* which he is charged with, till a Successor be appointed to the Count *Altamira*, late Ambassador from that Crown, who died here some time ago. Cardinal *Paulucci* has also had Audience of the Pope; This Cardinal has been Complimented on his Promotion by Count *Martinitz* Ambassador from the Emperor, who visited him last week; and the same Civility was returned by the Cardinal last *Tuesday*. Count *Martinitz* has also visited the Cardinal of *Bouillon*, and some others of the College of Cardinals, and it's said, the Differences between the Emperor and the Pope are in a fair way of being accommodated, and that his Excellency will shortly be readmitted to an Audience of the Pope. It's now said, the Queen-Dowager of *Poland* has consented, that a Cardinal Legat be sent to meet her and conduct her hither, and that the Pope will appoint Cardinal *Ottoboni* to perform that Function. There are divers Candidates for the Arch-Bishoprick of *Milan*, but it's thought the Pope will give it to Signior *Archinto*, who resides at present as his Nuncio at the Court of *Spain*. Signior *Anguiscola*, Governor of *Macerata* and *Tolentino*, is made Clerk of the Chamber to the Pope.

Genoua, Jan. 25. On the 21st Instant arrived here the *Winchester* Man of War, Captain *Norris* Commander, in 21 days from *Cadiz*, and sailed this morning for *Leghorne*. Signior *Philip Pallavicino* is made a Senator in the Room of Signior *Durazzo*, who has quitted that Office.

Leghorne, Jan. 26. This week sailed from hence the *St. George*, *Richard Arding* Commander, and the *Prince George*, Captain *Samuel Skinner*, both for *Gallipoly* to load Oils; as likewise the *Smyrna* Merchant, Captain *John Jackson* Commander, for *London*, and the *Rebecca*, Captain *Robert Winter*, for *Ostend*. The *Robert* and *John*, Captain *John South*, is sailed for *England*, and will be followed in few days by the *Upton* Galley, Capt. *John Coy*, and the *William and Mary*, Capt. *William Holsteir* Commander. The Great Prince and Princess of *Tuscany* arrived here two days ago from *Pisa*, where the Great Duke, who is now at *Florence*, is expected next week.

Trent, Jan. 27. The Queen of the *Romans* arrived here yesterday from *Revera*, being attended by Prince *Lobkowitz* her High-Steward, and the Count *de Paar* her Master of the Horse, and a very numerous Retinue. The Prince and Bishop of this Place, accompanied by the Nobility and Gentlemen that are in Town, received her Majesty with great Respect, and her Entry was very splendid. There were two Triumphal Arches erected for this purpose, the Artillery round the Town was discharg'd, and the Soldiers of the Garison and the Burghers were in Arms, and there were Bonfires and Illuminations. The Queen was very splendidly entertained by the Bishop, and her Majesty set out from hence this morning to continue her Journey to *Vienna*.

Vienna, Febr. 5. Divers Persons of Quality are gone from hence to meet the Queen of the *Romans*, who was to set out on the 2d Instant from *Inspruck* on her Journey hither, and will arrive here on the 24th. In the mean time magnificent Preparations are making for her Entry, and the Celebration of the Marriage. The Inhabitants of this City are on this occasion ordered to make Illuminations for three nights successively; the Companies of the Burghers, who are to appear in Arms, are all new Cloathed; and some Troops of Horse, composed of Gentlemen of *Bohemia*, *Moravia*, and *Silesia*, are expected from those Countries to assist at this Solemnity. The Triumphal Arches erected in Honour of the Queen, are almost finished, as is likewise a very noble Firework. The States of *Bohemia* have resolved to present the Queen with 160000 Florins, the States of *Moravia* with 145000 Florins, and 120000 Florins will be presented to her by the States of *Silesia*. The Emperor has appointed the Countess of *Caraffa*, Widow to the late General *Caraffa*, to be Major-Dame, or First Lady of the Bedchamber to the Queen. Our last Letters from *Hungary* say, the Mediator and the *Turkish* Ambassadors were preparing to return to *Belgrade* so soon as the *Venetian* Ambassador had signed his Treaty; for the doing of which, his Excellency daily expected Orders from the Republick. The Imperial Ambassadors, and the Ministers of *Poland* and *Muscovy*, were on their departure for *Kneskenet*, where they intend to continue till the Ratifications be exchanged. These Letters add, that Care was taken to give notice of

the
